PREFACE.

The HOUSE DIRECTORY presented herewith, the fourth issued, is more complete in detail and more comprehensive than any of its predecessors.

We believe the new arrangement, the single volume, the larger type, the paper, printing, binding and everything we have incorporated in this volume for the convenience and uses of the public, will be appreciated.

The Book cannot but be of great value in the home as well as the office and will undoubtedly be placed in many drawing rooms and libraries of our citizens.

Our lady patrons will find much of special interest to them in the Miscellaneous Department and a reference to the Title Page and the Table of Contents is respectfully invited.

We desire to call attention to our list of Clubs found on pages 65 to 124.

Any suggestions from our patrons tending to increase the usefulness of this publication will be gratefully acknowledged.

PROVIDENCE STREET DIRECTORY.

Giving the location of each street, and showing what other streets and places run from it or across it, with the number at which they intersect. From this list, the location of any number on a street can be easily ascertained; as, for instance, wishing to know at what part of Westminster Street No. 1129 comes, you look at Westminster Street, and find that Knight Street runs from 1067, and Bridgman Street from 1183, showing that 1129 Westminster Street would come about half-way between Knight and Bridgman Streets.

Providence House Directory.

In this House Directory the numbers have been arranged in regular succession, without distinctive reference to either side of the street. Names of house-keepers and boarders are given at residences, being designated by the abbreviations h. and b. after the name. When neither of these abbreviations appear, business places are indicated, and at such places the names under which the business is carried on (individual, firm or company), are given. When at the same street number, more than one name appears, they are arranged alphabetically, except that where different rooms or apartments are given by numbers, these are arranged numerically, and the names of their occupants, in corresponding relation.

The abbreviation r. between the street number and the name signifies "rear," but when it follows the name, "rooms."

The streets are arranged in alphabetical order.

The usual Street Directory, giving the location of each street, and showing what other streets, places, etc. run from it or across it, is published on pages 17 to 48.
