PROVIDENCE STREET DIRECTORY.

COPYRIGHT, 1901, BY SAMPSON, MURDOCK, & CO.

Giving the location of each street, and showing what other streets and places run from it or across it, with the number at which they intersect. From this list, the location of any number on a street can be easily ascertained; as, for instance, wishing to know at what part of Westminster Street No. 1129 comes, you look at Westminster Street, and find that Knight Street runs from 1069, and Bridgham Street from 1189, showing that 1129 Westminster Street would come about half-way between Knight and Bridgham Streets.

Providence House Directory

AND FAMILY ADDRESS BOOK.

In this House Directory the numbers have been arranged in regular succession, without distinctive reference to either side of the street. Names of housekeepers and boarders are given at residences, being designated by the abbreviations h. and b. after the name. When neither of these abbreviations appear business places are indicated, and at such places the names under which the business is carried on (individual, firm or company), are given. When at the same street number, more than one name appears, they are arranged alphabetically, except that where different rooms or apartments are given by numbers, they are arranged numerically.

The abbreviation r. between the street number and the name signifies "rear," but when it follows the name, "rooms."

The streets are arranged in alphabetical order.

The usual street directory giving the location of each street, and showing what other streets, places, etc., run from it or across it, is published on page 17.
