PROVIDENCE STREET DIRECTORY

COPYRIGHT, 1905, BY SAMPTON & MURDOCK CO.

Giving the location of each street, and showing what other streets and places run from it or across it, with the number at which they intersect. From this list, the location of any number on a street can be easily ascertained; as, for instance, wishing to know at what part of Westminster Street No. 1129 comes, you look at Westminster Street, and find that Knight Street runs from 1093, and Brigham Street from 1189, showing that 1129 Westminster Street would come about half-way between Knight and Brigham Streets.

Providence House Directory

AND FAMILY ADDRESS BOOK

COPYRIGHTED 1905, BY SAMPSON & MURDOCK CO.

In this House Directory the numbers have been arranged in regular succession, but with distinctive reference to either side of the street. Names of housekeepers and boarders are given at residences, being designated by the abbreviations h. and b. after the name. When neither of these abbreviations appear business places are indicated, and at such places the names under which the business is carried on (individual, firm or company), are given. When at the same street number, more than one name appears, they are arranged by floors except that where different rooms or apartments are given by numbers, they are arranged numerically.

The abbreviation r. between the street number and the name signifies "rear," but when it follows the name, "rooms."

The streets are arranged in alphabetical order.

The usual street directory giving the location of each street, and showing what other streets, places, etc., run from it or cross it, is published on page 17.

WHAT OTHERS SAY ABOUT US.

“WE have heard it said that the best name that was ever selected for a life insurance company is that which was borne by the Mutual Benefit Life of Newark. Certainly the Company has lived up to the name, for it is recognized throughout the country as peculiarly a policy-holder's company, always to be depended upon to deal justly, liberally and even generously. * * * *
“In spite of the low rate of expenses and the taxes to total income shown in the previous year, viz: 15.41 per cent., the ratio for 1903 fell to 15.27 per cent., notwithstanding that there were large and satisfactory increases all along the line.”—*The Chronicle*, Jan. 28, 1904.

Mutual Benefit Policies contain Special and Peculiar Advantages which are not combined in the Policies of any other Company
