Property Management Never Takes a Vacation

But...

WHEN you take your vacation, you can make your cares vacate at the same time.

Who wants to worry over property management — collecting rents — keeping everything in good repair — providing against the lapse of any insurance policy — attending to investments and subscription rights — clipping coupons when due — redeeming called bonds — crediting dividend checks — making installment payments on part-paid stocks — or many other burdensome matters that may arise?

Somebody has to. All right, let the “Bank of Commerce” do it! Our trust officers will gladly explain, without obligation, how an *Agency Agreement* operates, and how it relieves individuals of just as much or as little of the burden of property management as desired.

At the same time we can provide you with Letters of Credit, A.B.A. Travelers Cheques, and many other facilities which represent peace of mind, convenience and service

WARD BOUNDARIES OF PROVIDENCE

First Ward. All that part of said city bounded by a line beginning at a point of intersection of Benefit street and Jenckes street; thence running in an easterly direction through said Jenckes street to Barnes street; thence continuing in an easterly direction through said Barnes street to Hope street; thence, in a southeasterly direction through said Hope street to Angell street; thence, in an easterly direction through said Angell street, and continuing in a line in extension of said Angell street to the Seekonk river; thence, in a southwesterly direction through said Seekonk river to the Providence river; thence, in a northwesterly direction through said Providence river to a point on Memorial square where said Memorial square bridges said Providence river, at which point is erected the Monument to the World War Veterans; thence, in an easterly direction along a line in extension of Waterman street and continuing in the same direction through said Waterman street to Benefit street; thence, in a northerly direction through said Benefit street to the point of beginning.

Second Ward. All that part of said city bounded by a line beginning at a point of intersection of Hope street, and the city line; thence, running in an easterly direction along said city line to the harbor line of the Seekonk river; thence, in a southerly direction along the harbor line of said Seekonk river to a point of intersection of a line in extension of Angell street and the harbor line of said Seekonk river; thence, in a westerly direction along said line in extension of said Angell street, and continuing in a westerly direction through said Angell street to Hope street; thence, in a northwesterly, northerly and northeasterly direction through said Hope street to the point of beginning.

Third Ward. All that part of said city bounded by a line beginning at a point of intersection of the Moshassuck river and the city line; thence, running in an easterly direction along said city line to Hope street, thence in a southwesterly and southerly direction through said Hope street to Barnes streets; thence, in a westerly direction through said Barnes st to Jenckes st; thence continuing in a westerly direction through said Jenckes street to Benefit street; thence, in a northerly direction through said Benefit street to

Stevens street; thence, in a westerly direction through said Stevens street to Charles street; thence, in a northwesterly direction through said Charles street to Randall street; thence, in a northeasterly direction through said Randall street to the Moshassuck river; thence, in a northerly and northeasterly direction through said Moshassuck river to the point of beginning.

Fourth Ward. All that part of said city bounded by a line beginning at a point of intersection of Douglas avenue and the city line; thence, running in a northeasterly direction along said city line to a point of intersection of said city line and Moshassuck river; thence, in a southwesterly and southerly direction through said Moshassuck river to a point of intersection where Randall street crosses said Moshassuck river; thence, in a southwesterly direction through said Randall street to Charles street; thence, in a southeasterly direction through said Charles street to Orms street; thence, in a westerly direction through said Orms street to Douglas avenue; thence, in a northwesterly direction through said Douglas avenue to the point of beginning.

Fifth Ward. All that part of said city bounded by a line beginning at a point of intersection of Smith street and the city line; thence running in a northeasterly direction through said city line to Douglas avenue; thence, in a southeasterly direction through said Douglas avenue to Candace street; thence, in a southeasterly direction through said Candace street to Chalkstone avenue; thence, in a southwesterly direction through said Chalkstone avenue to Smith street; thence, in a northwesterly and westerly direction through said Smith street to Raymond street; thence, in a southeasterly direction through said Raymond street to Valley street; thence, in a southwesterly direction through said Valley street to Hemlock street; thence, in a southeasterly direction through said Hemlock street to the Woonasquatucket river; thence, in a southwesterly direction through said Woonasquatucket river to Eagle street; thence, in a northwesterly direction through said Eagle street to Valley street; thence, in a southwesterly direction through said Valley street to Cliff street; thence, in a westerly direction through said Cliff street to a point of intersection of

a line in extension of Huron street and said Cliff street; thence, in a northerly direction along said line in extension of said Huron street, and continuing in the same direction through said Huron street to Regent avenue; thence, in a westerly direction through said Regent avenue to Academy avenue; thence, in a northerly direction through said Academy avenue to Molloy street; thence, in a westerly direction through said Molloy street to Clematis street; thence, in a southerly direction through said Clematis street to Chalkstone avenue; thence, in a westerly direction through said Chalkstone avenue to Mount Pleasant avenue; thence, in a northwesterly direction through said Mount Pleasant avenue to Buena Vista avenue continuing in a northwesterly direction through said Buena Vista avenue to the point of beginning.

Sixth Ward. All that part of said city bounded by a line beginning at the point of intersection of the city line and Buena Vista avenue; thence running in a southeasterly direction through said Buena Vista avenue to Mount Pleasant avenue continuing in a southeasterly direction through said Mount Pleasant avenue to Chalkstone avenue; thence, in an easterly direction through said Chalkstone avenue to Clematis street; thence, in a northerly direction through said Clematis street to Molloy street; thence, an easterly direction through said Molloy street to Academy avenue; thence, in a southerly direction through said Academy avenue to Regent avenue; thence, in an easterly direction through said Regent avenue to Huron street; thence, in a southerly direction through said Huron street, and continuing in the same direction along a line in extension of said Huron street to a point of intersection of said line in extension of said Huron street and Cliff street; thence, in an easterly direction through said Cliff street to Valley street; thence, in a northerly direction through said Valley street to Eagle street; thence, in a southeasterly direction through said Eagle street to the Woonasquatucket river; thence, in a southwesterly, southerly and westerly direction through said Woonasquatucket river to Delaine; thence, in a southwesterly direction through said Delaine street to Manton avenue; thence, in a southeasterly direction through said Manton avenue to the Woonasquatucket river; thence, in a westerly and northwesterly direction through said Woonasquatucket river to the city line; thence, in a northerly direction along said city line to the point of beginning.

Seventh Ward. All that part of said city bounded by a line beginning at a point of intersection of the city line and Killingly street; thence running in an easterly direction along said city line to a point of intersection of said city line and the Woonasquatucket river; thence, in a southeasterly, northeasterly and southeasterly direction through said Woonasquatucket river to Manton avenue; thence, in a northwesterly direction through said Manton avenue to Delaine street; thence, in a northerly and easterly direction through said Delaine street to Harris avenue; thence in a northeasterly direction through said Harris avenue; thence, in a southeasterly direction crossing the property owned and occupied by the New York, New Haven and Hartford Railroad Corporation to Eden street; thence, in a southeasterly direction through said Eden street to Bell street; thence, in a southeasterly direction through said Bell street to Broadway; thence, in a southwesterly direction through said Broadway, to Bainbridge avenue; thence, in a southerly direction through said Bainbridge avenue to Westminster street; thence, in a westerly direction through said Westminster street to a point of intersection of said Westminster street and the property owned and occupied by the New York, New Haven and Hartford Railroad Corporation, where said Westminster street crosses the railroad tracks of said Railroad Corporation; thence, in a southwesterly direction along said property line of said Railroad Corporation to the city line; thence, in a westerly and northwesterly direction along said city line to the point of beginning.

Eighth Ward. All that part of said city bounded by a line beginning at a point of intersection of Cranston street and Pearl street; thence running in a southeasterly direction through said Pearl street to Broad street; thence in a southwesterly direction through said Broad street to Elmwood avenue; thence, in a southwesterly and southeasterly direction through said Elmwood avenue to a point of intersection where said Elmwood avenue crosses the property owned and occupied by the New York, New Haven and Hartford Railroad Corporation, and known as the Harbor Junction Branch; thence, in a southeasterly direction along said property owned and occupied by said New York, New Haven and Hartford Railroad Corporation, known as the Harbor Junction Branch to the city line; thence, in a westerly, northwesterly and northerly direction along said city line to a point of intersection of said city line and Cranston street, where said Cranston

street crosses said city line; thence, in a northeasterly direction through said Cranston street to the point of beginning.

Ninth Ward. All that part of said city bounded by a line beginning at a point of intersection of Elmwood avenue and Public street; thence running in a northeasterly direction through said Public street to Broad street; thence, in a southeasterly direction through said Broad street to the city line; thence, in an easterly, southerly, westerly and northeasterly direction along said city line to a point where said city line intersects the boundary line of the property owned and occupied by the New York, New Haven and Hartford Railroad Corporation, known as the Harbor Junction Branch; thence continuing in a northeasterly direction along said boundary line of the property owned and occupied by said New York, New Haven and Hartford Railroad Corporation, known as the Harbor Junction Branch, to Elmwood avenue; thence, in a northwesterly direction through said Elmwood avenue to the point of beginning.

Tenth Ward. All that part of said city bounded by a line beginning at the point of intersection of Broad street and Public street; thence running in an easterly direction through said Public street, and continuing in the same direction along a line in extension of said Public street to a point of intersection of the line in extension of said Public street, and the harbor line of the Providence river; thence, in a southerly direction following said harbor line around, and including, an island known as "Starve Goat Island"; thence, in a westerly direction to a point of intersection of said harbor line with the boundary line between the city of Providence and the city of Cranston; thence, continuing in a westerly direction along said city line to Broad street; thence, in a northwesterly direction through said Broad street to the point of beginning.

Eleventh Ward. All that part of said city bounded by a line beginning at a point of intersection of Broad street and Lockwood street; thence running in a southeasterly direction through said Lockwood street to Friendship street; thence, in a northeasterly direction through said Friendship street to Point street; thence, in an easterly direction through said Point street to Plain street; thence, in a northwesterly direction through said Plain street to Elm street; thence, in an easterly direction through said Elm street, and a line in extension of said Elm street to a point of intersection of said line in extension of said Elm street and the harbor line of the Providence river; thence, in a southerly direction along said harbor line to a point of intersection of said harbor line and a line in extension of Public street; thence, in a westerly direction along said line in extension of said Public street, and continuing in the same direction through said Public street to Elmwood avenue; thence, in a northeasterly direction through said Elmwood avenue to Broad street; thence continuing in a northeasterly direction through said Broad street to the point of beginning.

Twelfth Ward. All that part of said city bounded by a line beginning at a point on Smith street opposite Oakland avenue; thence, running in an easterly and southeasterly direction through said Smith street to Chalkstone avenue; thence, in an easterly direction through said Chalkstone avenue to Candace st; thence, in a northwesterly direction through said Candace street to Douglas avenue; thence, in a southeasterly direction through said Douglas avenue to Orms street; thence, in an easterly direction through said Orms street to Charles street; thence, in a northwesterly direction through said Charles street to Stevens street; thence, in an easterly direction through said Stevens street to North Main street; thence, in a southerly direction through said North Main street to Benefit street; thence, in a southeasterly direction through said Benefit street to Waterman street; thence, in a westerly direction through said Waterman street and a line in extension of said Waterman street to a point on Memorial square where is located the Monument to the World War Veterans, and where said Memorial square bridges the Providence river; thence, in a southerly direction along the harbor line of said Providence river to a point of intersection of the harbor line of said Providence river and a line in extension of Elm street; thence, in a southwesterly direction along said line in extension of said Elm street, and continuing in the same direction through said Elm street to Plain street; thence, in a southerly direction through said Plain street to Point street; thence, in a westerly direction through said Point street to Friendship street; thence, in a southwesterly direction through said Friendship street to Lockwood street; thence, in a northwesterly direction through said Lockwood street to Broad street; thence, in a southwesterly direction through said Broad street to Pearl street; thence,

in a northwesterly direction through said Pearl street to Cranston street; thence, in a northeasterly direction through said Cranston street to Westminster street; thence continuing in a northeasterly direction through said Westminster street to Dean street; thence, in a northwesterly direction through said Dean street to Broadway; thence, in a northeasterly direction through said Broadway to Merrill street; thence, in a northerly direction through said Merrill street to Atwells avenue; thence, in an easterly direction through said Atwells avenue to Tower street; thence, in a northerly direction through said Tower street to Aborn street; thence, in a northwesterly direction through said Aborn street to Cove street; thence, in a northeasterly direction through said Cove street to West Exchange street; thence, in a northerly direction along a line beginning at a point of intersection of said Cove street and said West Exchange street and continuing in a northerly direction to a point of intersection of Harris avenue and Kinsley avenue; thence continuing in a northerly direction to the Woonasquatucket river; thence, in a westerly direction through said Woonasquatucket river to Hemlock street; thence, in a northwesterly direction through said Hemlock street to Valley street; thence, in a northeasterly direction through said Valley street to Raymond street; thence, in a northerly direction through said Raymond street, crossing Chalkstone avenue, to the point of beginning.

Thirteenth Ward. All that part of said city bounded by a line beginning at a point of the intersection of Delaine street and the Woonasquatucket river; thence running in a northerly and easterly direction through said Woonasquatucket river to a point where a line drawn from a point in said river would pass through the intersection of Kinsley avenue and Harris

avenue; thence, in a southerly direction along said line beginning at said point of intersection of said Harris avenue and Kinsley avenue to a point of intersection of West Exchange street and Cove street; thence, in a southwesterly direction through said Cove street to Aborn street; thence, in a southeasterly direction through said Aborn street to Tower street; thence, in a southerly direction through said Tower street to Atwells avenue; thence, in a westerly direction through said Atwells avenue to Merrill street; thence, in a southerly direction through said Merrill street, crossing Federal street, to Broadway; thence, in a southwesterly direction through said Broadway to Dean street; thence, in a southeasterly direction through said Dean street to Westminster street; thence, in a southwesterly direction through said Westminster street to Cranston street; thence continuing in a southwesterly direction through said Cranston street to a point of intersection of said Cranston street and the property owned and occupied by the New York, New Haven and Hartford Railroad Corporation; thence, in a northerly direction along the boundary line of the property owned and occupied by said Railroad Corporation to Westminster street; thence, in an easterly direction through said Westminster street to Bainbridge avenue; thence, in a northerly direction through said Bainbridge avenue to Broadway; thence, in a northeasterly direction through said Broadway to Bell street; thence, in a northwesterly direction through said Bell street to Eden street, crossing the property owned and occupied by said Railroad Corporation to Harris avenue; thence in a southwesterly direction through said Harris avenue to Delaine street; thence, in a westerly direction through said Delaine street to the point of beginning.

POWER OF ADVERTISING

The City Directory is the power that generates information for the buyer that he may know who deals in the product he wishes to purchase. If your business is not classified properly, and a display advertisement arranged to describe your business, how can you expect the buyer to trade with you!

ADVERTISING is the foundation upon which successful businesses are built. You must apply this to your own particular business.

ADVERTISING is the power of an idea multiplied.

Rates Upon Application

LETTERS

Sales Letters: Letters, because their real object is to appear as personal messages and not advertising, are the most difficult form of advertising to prepare, and should always be done by trained minds. Our Sales Promotion Department has a splendid record for successful letters.

Processed Letters: Our Kier Processed Letters are exactly like good individually typed letters. A new process you'll be interested in.

MAIL ADVERTISING SERVICE

Complete from Plan to Mailbox

SUCCESSFUL selling ideas grow out of the fusion of two types of fundamental knowledge—intimate knowledge of the product, which you have; intimate knowledge of selling methods, which we have. We talk it over with you, analyse, and the idea begins to grow.

After the basic plan, comes the business of research for data, writing copy, creating typographical style, and similar mechanics of the craft. Our Copy and Service Department is organized to take care of this part of the work.

Lists, of course, are a vital factor; and we naturally have unusual facilities for compiling them because of our directory connections.

Multigraphing and mailing must be well done if the whole campaign is to be effective. Our large Mechanical Department is equipped for speed and facility of operation.

Ours is a complete service that relieves you of every mail advertising detail

Sea Lee Colony

Pre-Opening Opportunities

Never again will there be a more opportune time to acquire a wonderful seashore location, whether for one's summer home, or for investment, or for both, than in making application for membership in Sea Lee Colony while the pre-opening period lasts.

Here are five golden reasons:

Oceanside property is getting scarcer. Its remarkable gain in values is well known, and today it is about the only class of property being held to these values by those who know its future worth when no available oceanside property is left.

Developments present the best type of seashore investment; their restrictions and careful planning protect and enhance values.

The opening of a new development has always been the best price time to purchase, as many have in the past regretfully seen.

And a pre-opening period is a still more profitable time—a rare chance, in fact, for getting advance opportunities.

The combination of new development and pre-opening sale periods together with the bottom of a depression period will never come again for these sites.

Location

Sea Lee Colony is on Rhode Island's world-renowned seacoast at about midpoint of the miles of beach that stretch between Point Judith and Watch Hill.

It is protected by a friendly arm of the Atlantic Ocean, where Ninigret Pond (Charlestown Pond) and Green Hill Pond join as they flow under the locally famous little concrete "crab bridge"; thus offering members the use of two large remarkable salt ponds, with all their sheltered waters to explore, just behind the ocean-made sand dunes.

The colony is served by the tarred town highway, Charlestown Beach Road, with a long frontage of lots on this road available to members.

This road leaves the historic old "Post Road," route 1, for the beach, at the two airports—"Charlestown" and "Atlantic"—but a half-mile or so from the point where the new "South County Trail" hits the "Post Road" about midway between Wakefield and Westerly.

Land of Sea Lee Colony

The land of Sea Lee is gravel bedded with a top soil of rich loam ideal for gardens and lawns. There are acres covered a stone of any sort to interfere with building, or planning your grounds, or placing your well. A gentle rise at the near corner gives a view for those who prefer such locations.

There are thousands of feet of pond shore for those who like to be near the water, while wild flowers, blueberries, blackberries, cranberries, bayberries and holly are found in these acres of smooth fields for those who prefer country surroundings.

Coves, lagoons, creeks, and wide expanses of open waters are here for lovers of water sports.

Shell fish, such as unsurpassed oysters, some clams and quahaugs, famous blue shell crabs and the fish that come and go through the breachway in their season into the ponds are a source of delight for those who like to search out such things.

And right at hand lies old ocean—with the limitless beach and all that this means to those who like beach pleasures or ocean fishing.

Or inland but a couple of miles, rise the hills of the "Narragansetts" where lie buried their chiefs and where stand their forests, with their reservation still untouched, for woods lovers to roam and explore.

Sea Lee Colony offers a chance for both seashore and country, with both pond and ocean—it is truly ideally situated.

Sand Dunes or Solid Ground

Where by the seaside should one locate to protect their investment? "Build your house upon a good foundation" is very likely to be forgotten until such a storm as that of November, 1932, reminds us that dunes created by the waves can be destroyed by those same waves. They say that had that wind been blowing directly at the land instead of parallel with the shore, the toll of five houses swept out to sea to disappear and fifteen demolished would have been much heavier.

But there are other reasons against sand dunes for homes.

The eye soon tires of the monotony of nothing but sand and water and craves the green of lawns and the delight of gardens.

"Sand at hand but not underfoot" (nor in the house) is the old timer's admonition, and he always builds just behind the ocean on solid ground where the seashore and country sort of balance each other properly. It is in fact rare that you can get the combination and still be so close to the ocean.

And, last but not least, the drinking water on the dunes has always been a problem. Nearly always it has salt seepage—too often it is hopelessly undrinkable.

In the light of storms and of more mature experience, the land being talked about today and now in demand is the nearest solid ground to the ocean, safe from its ravages, with opportunity for the bit of green about you. It so happens that Sea Lee Colony is just such land, and in addition that it has a wonderful pond frontage to tremendously add to its enjoyment.

Bay or Ocean

The old argument for the "down river" location used to be accessibility, but good roads changed that. And now Rhode Island has the superb "South County Trail," bringing the ocean to you and opening the seacoast to a still more rapid development. This trail happens to lead directly to Charlestown and Sea Lee Colony.

Once experiencing the difference between Ocean-side and river or bay temperatures for a summer, and a real beach and real surf with old ocean's ever-changing glories, one is never satisfied with less. The ocean waters offer no purification problem such as near city waters present.

If one now has a bay or river location, they should pick a seashore site this very year and then hold their other summer property until normal prices are back.

To Reach Sea Lee Colony

If going by auto from Providence, take Reservoir Ave. to the new "South County Trail," route 2. The "trail" ends at Charlestown Post Office on the old "Post Road," route 1, where you turn left, east, on route 1 for about a half-mile to the airports. At the airports, turn down over Charlestown Beach Road (tarred) to the ocean.

At the little concrete "crab" bridge you will find Sea Lee Colony on your left, east, extending along the pond edge, the very nearest solid land and green fields to the sand and ocean.

You are welcome to picnic on the land and enjoy it without fear of sales approach, for we want you to know the land and appreciate it before you decide to apply for membership. If informational assistance can be given you there is an office on the acreage, or you may address Sea Lee Colony, Charlestown, R. I., or in Providence address Post Office Box 53, Providence, R. I.

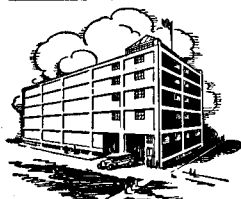

Membership applications may now be made; pre-opening opportunities for first choices are now available.

Please mention this Directory when dealing with Advertisers

This Publication Is The Product of a Member of

—thus assuring you the ultimate service that skill and care can produce in the way of City Directories or other reference media, and providing protection against fraudulent advertising schemes which operate under the name of Directories.

The following "Standards of Practice," adopted at the inception of the Association of North American Directory Publishers in 1898, and strictly adhered to over the years, is your guarantee of satisfactory Directory Service.

The publisher of a Directory should dedicate his best efforts to the cause of business uplift and social service, and to this end pledges himself:

1. To consider, first, the interest of the user of the book.
2. To subscribe to and work for truth, honesty and accuracy in all departments.
3. To avoid confusing duplication of listings, endeavoring to classify every concern under the one heading that best describes it, and to treat additional listings as advertising, to be charged for at regular rates.
4. To increase public knowledge of what Directories contain; to study public needs and make Directories to supply them; to revise and standardize methods and classifications, so that what is wanted may be most easily found, and the Directory be made to serve its fullest use as a business and social reference book and

director of buyer and seller.

5. To decline any advertisement which has a tendency to mislead or which does not conform to business integrity.
6. To solicit subscriptions and advertising solely upon the merits of the publications.
7. To avoid misrepresentation by statement or inference regarding circulation, placing the test of reference publicity upon its accessibility to seekers, rather than on the number of copies sold.
8. To co-operate with approved organization and individuals engaged in creative advertising work.
9. To avoid unfair competition.
10. To determine what is the highest and largest function of Directories in public service, and then to strive in every legitimate way to promote that function.

\$100 Reward will be paid by the Association of North American Directory Publishers for the arrest and conviction of any person or persons engaged in the publishing, collecting or canvassing for any fraudulent or fake directories.

Rise and Walk

HERBERT N. CASSON, *Editor, Efficiency Magazine, London, England*
Sends a Message to America

You are depressed. You think you are crippled. You are afraid of the future. You are full of fears.

You have half the gold in the world and half of the machinery and most of the automobiles and all the skyscrapers.

You have the greatest home market in the world and the largest corporations that the world has ever seen.

You are ruled more by ideas and less by tradition than any other people in the world. You have usually done what you thought you could do.

How can it be possible that a progressive nation of 120,000,000 people can be wrecked by the speculations of a little handful of fools in Wall Street?

The prices that were forced too high had to come down. Today all the prices are too low.

There is now a golden opportunity for every man who has eyes to see it.

Dollars are now being sold for 30 cents. Practically every security in the United States is now being sold at less than its value.

The way to create a fortune is to buy from pessimists. Pay your money and take the risk.

Frick started his career by buying coke ovens in the slump of 1873. Carnegie made \$300,000,000 by buying steel plants in the slumps.

Hundreds of fortunes have been made by buying from pessimists. Ye gods! What a chance there is at this moment!

In five years from now most American business men will belong to the "I Wish-I-Had-Club."

Then it will be too late to buy a dollar for thirty cents. The opportunities will be gone.

When a horse balks, the balk is in his head, not in his legs. He moves on when he thinks he will.

And when an American business man is depressed, the slump is in his head. There is nothing serious to prevent him from making money if he thinks he will.

When fear rules the will, nothing can be done, but when a man casts fear out of his mind, the world becomes his oyster.

To lose a bit of money is nothing, but to lose hope—or lose nerve and ambition—that is what makes men cripples.

This silly depression has gone on long enough. Get rid of it. It is inside of you. Rise and walk.

Providence House and Street Directory

Copyright, 1933, Sampson & Murdock Co., Providence, R. I.

Giving the location of Streets, Avenues, Parks and Places, and showing what other streets and places run from or across them.

A list of Householders and Business Places arranged in numerical order upon their respective streets, even numbers on left side with a few exceptions.

The streets are arranged in alphabetical order.

Business places are denoted by the street number printed in italic figures. When a person's place of business and residence are at the same place, it is indicated by the use both of italic figures for the street number and of the abbreviation h at the end of the line. Names preceded by light-faced figures and having no abbreviations after them are housekeepers.

* Shows building incorrectly numbered.

For condensed street directory see Providence City Directory.

Common Sense *About City Directory Circulation*

THE TRUE VALUE of advertising circulation is circulation consulted.

TO BE EXACT by actual survey in twenty-four average American cities by actual count each city directory averaged three and one-half consultations for each business day.

TO BE CONSERVATIVE we will eliminate the sixty Sundays and Holidays when no tests were made.

FOR EVERY THOUSAND DIRECTORIES sold there will be an average of three and one-half daily consultations for each book for THREE HUNDRED and FIVE days, therefore—

$$1000 \times 3\frac{1}{2} \times 305 = 1,067,500$$

**CONSULTATIONS OR CIRCULATIONS
CONSULTED**

Good Business Insurance

YOUR advertisement in the Pawtucket City Directory with proper classified listings insures your business against loss of trade.

The manufacturer or business institution that overlooks this fact is not building for the future.

The City Directory is active, 365 days every year. Let it serve you as it does others.

Our representative will be pleased to call and explain in detail the value of reference advertising.
